4th March 2021

To whom it may concern,

I am writing to express my recommendation of Hossien Sahebjame for the available teaching position. During my time as Centor Director of Mathnasium of Rolling Hills Estates, I had the pleasure of working closely with Hossien from the Spring to the Fall of 2019. Hossien's positive presence was immediately felt on our team due to his high level of energy, friendliness, and passion for teaching and learning. Hossien was eager to take on more responsibility, and he excelled at teaching, leading our team of instructors, and parent communication.

One of our students was pretty shy while attending our learning center, and would sometimes struggle to focus in class. Hossien stepped in and recognized that the student spoke Farsi. Hossien was supportive and motivational, connecting with him and bringing a smile to the young boy's face.

Hossien's passion for mathematics and teaching is infectious, and I looked forward to observing his instruction as I would often learn new concepts by working with him. He began a YouTube channel where he shares his lessons and teaches viewers online.

Hossien is also a hard worker and always on time. He would consistently arrive at our center more than 30 minutes before his shift began, and he was always willing to stay as long as he was needed.

If you have just one position available, you and your team will benefit from hiring Hossien.

Sincerely,

Teddy Eisenbaumer
